

Press Release

Voerde, July 2015

Aarnout Kant new Winergy CEO

Effective 1 July 2015, Aarnout Kant takes over the Winergy management. He succeeds Stefan Tenbrock, who at the same time takes over the management of the Siemens Mechanical Drives Business Unit as CEO; Winergy being part of the MD Business Unit.

Aarnout Kant has been with the company for 24 years and since 2014 has been manager of Strategy and Marketing at Winergy. Like Tenbrock, Kant originally was employed as a mechanical engineer with the gear unit manufacturer A. Friedrich Flender AG (now Siemens AG), who founded Winergy in 2001. Among other things, Kant managed between 2003 and 2008 the large industrial gear unit subsegment at the location in Voerde, Germany. After that he was the Regional Business Unit manager of Mechanical Drives in the USA until 2013.

About Winergy

Winergy is headquartered in Voerde, Germany, and is the leading drive train component manufacturer for wind turbines. It has supplied more than 100,000 MW gearboxes worldwide. With more than three decades of experience, Winergy offers gearboxes, HybridDrives, couplings, and services to wind turbine manufacturers and wind park owners. The product portfolio covers power ratings between 750 kW and 8 MW. This is complemented by a high quality professional service portfolio. Production and service sites are located in Europe, China, India, and the U.S., while the base of service locations expands continuously on a global level.
